Proposal 20-2
A proposed constitutional amendment to allow a search warrant to be issued in a person's electronic data or electronic communications
This proposed constitutional amendment would:
- Permit law enforcement agencies to search a person's electronic data or electronic communications
- Require a search warrant to access a person's electronic data or electronic communications
- Under the same conditions currently required for the government to obtain a search warrant in a person's house or seize a person's things
Should this proposal be adopted?
Yes
No
Proposal 20-1
A proposed constitutional amendment to allow money from oil and gas mining revenue to be used for State park, forest, and recreation units
This proposed constitutional amendment would:
- Allow the State Parks Endowment Fund annual spending go toward State park improvement
- Require at least 25% of revenue from state oil and gas mining to go into the Natural Resources Fund
- Require subsequent oil and gas mining revenue from state oil and gas mining to be generated annually to $800,000,000 and subsequent
- Require the millage to continue
- Require at least 25% of the revenue go toward State park, forest, and recreation units
- Require subsequent oil and gas mining revenue from state oil and gas mining to be used for the purpose of the millage
Should this proposal be adopted?
Yes
No
Proposal 20-0
A proposed constitutional amendment to allow property abatement for home energy improvements
This proposed constitutional amendment would:
- Allow property owners to receive an abatement on property taxes for home energy improvements
- Require that the abatement be used for the purpose of improving, operating, and maintaining energy-efficient homes
- Require that the abatement be used for the purpose of improving, operating, and maintaining energy-efficient communities
- Require that the abatement be used for the purpose of improving, operating, and maintaining energy-efficient regions
- Require that the abatement be used for the purpose of improving, operating, and maintaining energy-efficient states
Should this proposal be adopted?
Yes
No
