Census 2020 Get Counted for Michigan!
The census determines Michigan’s share of billions in federal funding for roads, schools and programs for older adults and persons with disabilities. For every person not counted correctly in Michigan, we lose $18,000 over the next ten years. The Census also determines the number of representatives for Congress. Make sure you count!

Each home will receive a mailer in mid-March which will include a unique Census ID code for your residence. Census workers will only come to your door if you do not initially respond and will never ask for your Social Security Number or banking information. Your demographic information is protected by law and never shared. Bring your Census post card to the Senior Center and spend 10 minutes completing it online with a volunteer.

If you travel or have another home in a different state but spend more than 6 months each year in Michigan, use the unique Census ID code sent to your MI address, or wait until you get home to Michigan to be counted. 50+ BT resident only. Registration is required and will start March 15. Please call 248-723-3500 to register for an appointment .
