

CLASS CANCELLATIONS DUE TO WEATHER

Occasionally, a program held at the senior center will be cancelled due to inclement weather. This may include pool closings due to thunderstorms or tornado warnings, center closings due to snow storms or center closings due to power outage caused by weather conditions.

In the event a program is cancelled due to weather conditions that are “acts of nature” and out of the control of senior center staff and instructors, no refund will be issued for the cancelled program.
