Chief's Comments

July 2014

Supervisor Leo Savoie, Treasurer Dan Devine, Clerk Jan Roncelli, Bloomfield Township Board of Trustees,

On this, the 23rd year of my service to the people of Bloomfield Township, I begin my first full year as Chief of Police, and proudly present to you the 2013 Annual Report.

While my experience and formal training have greatly contributed to the execution of this new position, none has had as big an impact as the example set by some of my predecessors, as well as the supervisors and patrol officers with whom I have served. As the Bloomfield Township Police Department has long strived to hire the finest in the law enforcement community, I have greatly benefitted from their influence.

As ever, we stand ready to meet the challenges of the future, continuing our tradition of excellence in service and professionalism.

Respectfully Submitted,

Geof Gaudard, Chief of Police

Geof Gaudard

Our profession demands continued training. The officers of the Bloomfield Township Police Department train each quarter in a number of disciplines, including: CPR, firearms, policies and procedures, defensive tactics, and changes in the laws of police procedure. Above, officers refine their skills in traffic stops.

* A given detective may possess a specialty or additional responsibilities, such as arson investigation or sex crimes investigation. Further, a Youth Criminal Investigations detective is equally qualified to investigate adult crimes.

Crime Stoppers operates an Anonymous Tip Line (1.800.SPEAK UP) to encourage witnesses and others who have information about a crime to report what they know. If a crime is solved because of a person's tip, that person is eligible for a cash reward. When the payment is made, the person who helped solve the crime remains anonymous, even to Crime Stopper personnel. Click on the Crime Stoppers logo to the left to learn more.

Dispatch Section

9-1-1 Emergency Call Center (for Police/Fire/EMS) Computer Aided Dispatch

Dublic safety dispatch centers have always been about rapid, efficient communications. Phone calls, radio transmissions, and (what used to be called) 'teletypes', come into and out of the dispatch center many times an hour and, sometimes, many times a minute.

Noisy teletype machines, typewriters, and mechanical printers have been replaced with computer screens and near-silent computer printers. Telephone handsets and radio microphones have been replaced with headsets, making the dispatch center guieter still.

All of the improvements made in dispatch over the decades has been for one purpose: getting police, fire, and EMS assets to where they are needed as guickly as possible.

Did you know that you can get a copy of your car accident online? Now you can! Save yourself a trip to the police station by clicking on the CLEMIS logo to the right.

Complaints 19,871 or 1 Officer per 292.22 Number of Complaints

*Statistics Obtained from the Southeast Michigan Council of Governments (SEMCOG). Click on their logo below to learn more.

beyond what is expected of them. Below are the ribbons as they appear on an officer's uniform and their significance.

The Meritorious Service Medal. Awarded for some difficult task in which crime is prevented, life and property protected, or criminals apprehended. It can also be awarded for assistance in an auxiliary capacity due to technical knowledge, expertise and / or unusual effort put forth.

Chief's Merit Award. Presented for efficient and valuable service to the department, either in carrying out a specific task, or in the performance of general duties over an extended period of time.

Lifesaving Award. Issued to a law enforcement officer who personally saves a life. Lifesaving effort normally involves, but is not limited to, any of the learned life-supporting processes: Mouth-to-mouth resuscitation, CPR, or the Heimlich maneuver for choking victims.

Officer of the Year Award. Issued to officers who have been an officer of the year at any time in their career with the Bloomfield Township Police Department.

Department Unit Commendation. This is awarded in recognition of outstanding police services performed by any departmental unit, such as the Field Training Officers unit, Traffic Investigations Unit, etc.

Oak Leaf. This is added to any of the above awards to signify a subsequent award. For example, this is what you would see on the uniform of an officer who has received two Meritorious Service Medals:

DONALD E. ZIMMERMAN OFFICER OF THE YEAR AWARD

Officer Cory Donberger

His commitment and high level of professionalism consistently contribute to this agency's ability to deliver the finest law enforcement services to the community. His integrity and high moral standards serve as a model to all officers throughout the law enforcement community.

CIVILIAN OF THE YEAR AWARD Nina Houghton

Her commitment and high level of professionalism consistently contribute to this agency's ability to deliver the finest services to the community. Her integrity and high moral standards serve as a model to all throughout the law enforcement community.

LIFE SAVING AWARD

Officer James Gallagher

On April 22, 2013 Officer Gallagher responded to Golling Chrysler Jeep on the report of a possible heart attack involving one of their employees. After arriving on scene, it was evident to Officer Gallagher the subject was having a heart attack. Officer Gallagher began chest compressions while making ready his AED / Lifepack® system, which eventually advised a shock was necessary (the shock brings the patient out of cardiac arrest). Township Fire paramedics arrived on scene and transported the patient to the hospital. Later the Fire Department's EMS coordinator advised that without Officer Gallagher's actions this patient may very well have passed away. (13-5776)

MERITORIOUS SERVICE AWARD

Officer John Weise

On May 16, 2013 Office Weise was off duty at the Moose Preserve when another officer pointed out a suspect in a recent Malicious Destruction of Property (vehicle) complaint where hundreds of dollars of damage was reported. On his own initiative Officer Weise approached the suspect and struck up a conversation. A short time later, the suspect bragged about damaging the vehicle and how stupid the "Bloomfield cops are" and how they would not be able to prove he did it. At no time during the conversation did the suspect realize he was bragging to a police officer. Because of Officer Weise's initiative he was able to get an admission which enabled the detective assigned to the case to get a warrant for the suspect's arrest. (13-7146)

DEPARTMENT UNIT COMMENDATION

Lt. Langmeyer, Lt. Dan Edwards, Lt. Schwab, Sgt. Nolan, Officer Peter Matejcik, Officer John Weise, Officer Bryan Pizzuti, Officer Ryan Smith, Officer David Comerford and Officer Jason Murphy

The above listed command staff and patrolmen invested countless hours in preparation and coordination for the 2013 Block training that started on September 23, 2013 and ran through October 3, 2013. All of the listed personnel, who are certified instructors in various disciplines, were tasked to develop a number of training scenarios that were relevant, realistic and coincided with our department's policy and procedures. The days of preparation and instruction were long with several last minute changes. Everyone involved stepped up and met the changes without complaint. Physically, most of the instructors walked away with bumps, bruises, welts and even a broken bone with no complaints. Because of their dedication this department is able to provide its officers with a high level of training that keeps them safe and allows them to serve the residents of Bloomfield Township more effectively.

HONORABLE MENTION Detective John Huizdos

On October 21, 2013 an eleven year-old, who was home alone, reported a strange man looking into windows of her residence. She called police but the subject had fled the scene prior to the officer's arrival. The next day the subject came into our station to apologize for his actions the night prior. Detective Huizdos was assigned the case for follow-up. During his investigation, a second call, similar to the one he was investigating was reported. Probable cause was established and the subject was arrested. Det. Huizdos worked tirelessly to ensure this case was brought to a successful conclusion. His investigation revealed the subject had mental issues that made him a danger to others. The subject was charged with B&E and Unlawful Entry. Det. Huizdos' diligence ensured the subject received the help he needed and protected the safety of area residents. (13-16226 and 13-16441)

HONORABLE MENTION Dispatcher Margaret Fouss

On May 24, 2013 at approximately 3:12 am officers were dispatched to a B&E in progress at a local gas station. Dispatcher Fouss stayed on the phone with the security company and collected vital information on the responsible and relayed it to the officers responding to the scene. While the officers were investigating the crime scene, Dispatcher Fouss entered a license plate given and found the registered owner matched the physical description given to her by the security company. Dispatcher Fouss continued to investigate the subject and the vehicle reported to be seen in the area at the time of the crime. Through her diligence and skill, Dispatcher Fouss was able to find a name and good description of the suspect vehicle. The name she found was discovered to have an extensive criminal history of B&E's. That information was later turned over to SIU in which they used to arrest the subject for the same type crime weeks later in another jurisdiction. (13-7667)

LETTER OF RECOGNITION Officer Nate Eller

Officer Eller assisted the training cadre in the 2013 Block Training exercise when the cadre became short staffed. Officer Eller is a Firearms Instructor but to date had never assisted in this type of training. Officer Ellers assistance was purely voluntary and usually at the expense of his OFF days. Whatever was asked of him, Officer Eller met the task without complaint and performed at the highest level of enthusiasm. His willingness to assist in training our officers with very little notice was vital to the success of the 2013 Block Training.

LETTER OF RECOGNITION Officer Michael Buczek

Officer Buczek assisted the training cadre in the 2013 Block Training exercise when the cadre became short staffed due to a shortage of officers available to cover road patrol. Officer Buczek is a Field Training Officer (FTO) who had never assisted in this type of training. Officer Buczeks assistance was purely voluntary and at the expense of his OFF days. Officer Buczek was asked to be a role player (bad guy) in the Reality Based portion of the training. Officer Buczek met the task with enthusiasm and a lot of cuts and bruises. Officer Buczek never complained and left every evening volunteering to come back if needed. His willingness to assist in this demanding type of training was vital to the success of the 2013 Block Training.

LETTER OF RECOGNITION Officer Anthony Woycehoski

Officer Woycehoski assisted the training cadre in the 2013 Block Training exercise when the cadre became short staffed. Officer Woycehoski is a Firearms Instructor but had never assisted in this type of Reality Based training. Officer Woycehoski's assistance was purely voluntary and usually at the expense of his OFF days. It should be noted that at this time Officer Woycehoski is currently assigned to Special Investigations Unit. Officer Woycehoski was asked to proctor scenarios and debrief the individual officer after the scenario was completed. Officer Woycehoski met the task without complaint and drew on his experiences working the road and working with SIU. Officer Woycehoski debriefed each officer with a high level of professionalism and insight. His willingness to assist in training our officers was vital to the success of the 2013 Block Training.

LETTER OF RECOGNITION Officer David VanKerckhove

On August 15, 2013 at approximately 4:18 am, Officer VanKerckhove was en route to a dispatched call when he observed two subjects riding bikes on the shoulder of the road. The subjects were dressed in black, covered in mud and wearing backpacks. Due to the suspicious nature Officer VanKerckhove made an investigative stop on the two subjects. When Officer VanKerckhove activated his emergency lights one of the subjects stopped while the other fled on his bicycle. Officer VanKerckhove's investigative stop revealed a backpack full of stolen property taken from over a dozen vehicles in the area. The subject was found to have an extensive criminal history and was currently on probation for Home Invasion. Due to Officer VanKerckhove's diligence and skillful performance the subject was apprehended before committing further crimes, and was later prosecuted for these crimes. (13-12505)

DISTINGUISHED CITIZEN AWARD Alfonso Laster

On December 17, 2013 Mr. Laster was eyewitness to an armed robbery with a knife in the parking lot of Hollywood Market. Mr. Laster watched as a victim had a knife held to her throat while being robbed. Mr. Laster shouted for the suspect to stop but when the suspect continued the assault he, without hesitation, tackled the suspect to the ground and detained her until police arrived. Mr. Laster's quick actions and disregard for his own personal safety assisted in the apprehension of an armed robbery suspect and protected others from suffering the same fate. (13-19653)

DISTINGUISHED CITIZEN AWARD Benny Miller

On December 17, 2013 Mr. Miller was eyewitness to an armed robbery with a knife in the parking lot of Hollywood Market. Mr. Miller witnessed a victim being robbed at knife point of her money and credit cards. Without hesitation Mr. Miller reacted by grabbing the suspect and wrestling her to the ground. Mr. Miller, along with another individual, held the suspect on the ground until police arrived. Mr. Miller's awareness, quick reaction and disregard for his own safety assisted in the apprehension of an armed robbery suspect and protected others from suffering the same fate. (13-19653)

DISTINGUISHED CITIZEN AWARD

Barbara Sue Wright

On December 17, 2013, Mrs. Wright observed an individual attempting to break into vehicles in the parking lot of a business located in the city of Auburn Hills. Instead of ignoring what she observed, Mrs. Wright followed the subject to the parking lot of Hollywood market in Bloomfield Township. By following the suspect and remaining at the scene, Mrs. Wright was instrumental in identifying the subject who was subsequently arrested for a serious felony. (13-19653)

Police Station

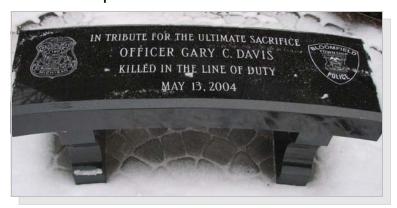

The Bloomfield Township
Police Department is
located on southbound Telegraph
Road approximately one quarter
mile south of Long Lake Road. The
police department is located in the
lower level of Township Hall, directly below the Administrative Offices.
The Patrol Division, Investigations

Division, Records Section and Property Section are located in this area of the building. In addition to these sections, the dispatch center is located in a centralized portion of the building, along with the detention facilities, booking room and various interview rooms.

n June of 2005, a memorial to the service of Officer Gary Davis was constructed. It consists of a granite bench on the southwest corner of the police station. Officer Davis was killed after his car was struck by another, the driver of which was subsequently arrested and convicted of driving while under the influence of alcohol. It is a beautiful

and fitting tribute to his life and service to the citizens of Bloomfield Township.

Animal Shelter

n addition to the station, the police depart-

ment also operates a state-certified animal shelter. This state-of-theart facility is equipped with twelve separate indoor pens for stray dogs, three other indoor pens for police K-9's and enough indoor holding cages to protect approximately ten adult cats. These same facilities can be used to house injured wildlife awaiting more permanent facilities in animal hospitals or wildlife preserves.

LOOMFIE

In the course of their day, an Animal Welfare Officer may have to help ducks cross a busy multi-lane highway, catch a stray dog, or adopt-out a cat. It has happened in the past that they have also had to help corral a stray horse or cow. Animal Welfare Officers also spend part of their days answering questions from the public concerning pets or wildlife.

Patrol Division

Patrol Division

The Bloomfield Township Police Department continues its longer than forty year tradition of providing the community with the finest in K-9 police services. These services include various utility calls such as building searches, tracking suspects, lost persons, and narcotics calls. The department is doubly fortunate to have two K-9 teams consisting

of Officers Carlson and Kollman and their respective partners, Kody and Rico.

In compliance with the Oakland County Mutual Aid Agreement, the Department's

K-9 Unit frequently responds to requests for assistance outside the Township. Below are the agencies they assisted last year:

K9 ACTIVITY	
Activity Within Bloomfield Township	
Utility	30
Narcotics	43
Total Township Service Calls	73
Assistance to Other Departments	
Troy	6
Novi	2
Southfield	4
West Bloomfield	3
Royal Oak	3
Birmingham	7
Beverly Hills	2
Waterford	1
Lathrup	1
Pontiac	2
Oak Park	1
Bloomfield Hills	4
Sylvan Lake	1
Total K9 Assists Outside Township	37
Community K9 Demonstrations	16
Total K9 Activity	126

Above, the newest K9 to join the department is Officer Kody, a German shepherd born in the Czech Republic and imported from Germany. His presence on the department is possible due to the generosity of Township residents Liz and Tony Gramer. His handler, Officer Carlson, is pictured here with her new partner.

Crimemapping.com

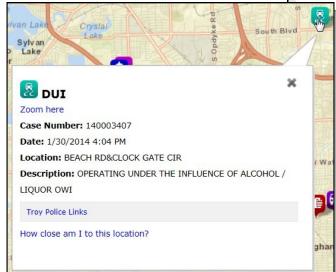

Have you ever wondered about the crime occurring in Bloomfield Township or other communities? Would you like to zero in on particular areas or time frames in which the crimes occur? Crimemapping.com can fill all of these information needs, and much more.

One of the best tools for preventing crime is by being aware of it. For that reason, the Bloomfield Township Police Department has teamed up with Crimemapping.com to give our residents the most sought-after crime information.

So, how does one get started?

- Enter WWW.Crimemapping.com into your browser address bar, or click <u>HERE</u>.
- Click on the state of Michigan on the map of the United States.
- Select 'Bloomfield Twp. Police' on the dropdown menu
- By clicking on any of the icons on the map, a popup window will appear with information about the incident.
- Using the toolbar above the map, it is possible to refine the search results based upon types of crimes and the dates in which they occurred.

Above, Clicking on any of the icons will produce a popup window with the date, time, and location of the incident.

Above, Using the toolbar at the top of the crime map, you can choose which types of crimes you would like to see, the dates between which the crimes occurred, even how far away the crimes were from your home using the Address tool!

Take CrimeMapping.Com wherever you go by viewing it on your device's browser, or by clicking **HERE** to get their iPhone app.

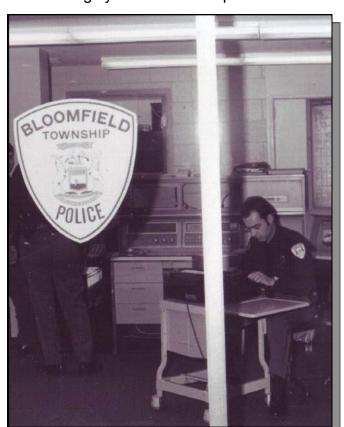

Public Safety Dispatch Center

The nerve center of any public safety agency is its communications or "dispatch" center. Radio dispatchers are typically the first contact a citizen has with any police / fire agency, whether for an emergency

or for day-to-day business. The dispatchers of Bloomfield Township work in a state-of-the-art center equipped with three workstations, each connected to Oakland County's Court's and Law Enforcement Management Information System (C.L.E.M.I.S.) and Computer Aided Dispatch (C.A.D.) databases, the Law Enforcement Information Network (L.E.I.N.) in Lansing, Michigan, and to the National Crime Information Center (N.C.I.C.) in Washington, D.C.

The department is staffed with thirteen dispatchers who are assigned to the day and night platoons. These dispatchers process calls for service and emergency 911 calls for the police and fire departments of Bloomfield Township and Bloomfield Village.

n order to handle the workload, the dispatch center is staffed around the clock, and depending on the time of the day, with up to four dispatchers, each highly trained in their profession.

Police Department Dispatches			
Year	Number	% Change	
2013	20,380	0.08	
2012	18,849	2.40	
2011	19,553	-3.60	
2010	19,871	-1.60	

3LOOMFIEL

Above, the evolution of the Public Safety Answering Point, PSAP (dispatch) is stark. Typewriters, teletype terminals, and vacuum tube radios have made way for computers and state-of-the-art digital radio systems.

The Court Officer

Throughout the business week, the police department regularly processes detainees into the court system for arraignment, court appearances and other matters requiring their presence

in the courtroom. The agency assigns one patrol officer with the responsibility of transporting in-custody detainees between the court and various detention facilities. This is accomplished using a specially-equipped vehicle that ensures officer and detainee safety. While this uniformed patrol officer works out of the Investigations Office, she is assigned to the patrol division and acts as a liaison between the patrol and investigations division in all matters that relate to prisoner transport.

3LOOMFIEL

Above, Officer Lower currently serves as the department's court officer.

Patrol Division

Bloomfield Village Police Dept.

BLOOMFIELD

The unique residential community of Bloomfield Village is a part of Bloomfield Township where the residents have chosen to fund one additional property tax mill to support the cost of additional law enforcement presence. Through this arrangement, the Patrol Division of the Bloomfield Township Police Department and the Bloomfield Village Police Department

share law enforcement patrol responsibilities in Bloomfield Village. Criminal matters requiring extensive follow up investigations remain under the jurisdiction of Bloomfield Township. The Bloomfield Village Police Department consists of four full-time patrol officers under the field supervision of one patrol sergeant and operates out of its own police and fire facility at 3595 Bradway Boulevard.

Crime Prevention

An open garage door presents a veritable treasure trove to would-be criminals. Tools, bicycles, landscaping and sports equipment are among those things most commonly stolen. Many of these thefts occur while the residents are home! Further, the fact that most people do not keep the pedestrian door from the garage leading into the home locked, presents the potential for a very serious, violent crime.

So, what else can people do? The answer is 'a lot!'. Click <u>HERE</u> to learn what you can do to keep your family and home safer.

Assigned? Open? Closed?

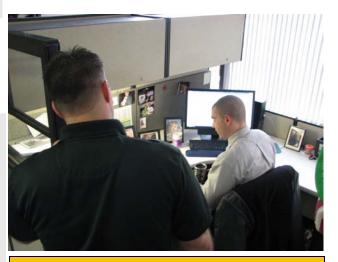

Almost all police reports are generated when someone requests an officer to their home or business. Depending upon the nature of the incident, the officer may start an investigation, writing a report that could be given to a detective for follow-up.

When a detective receives that report, he / she is **assigned** the case. Successful investigation of a case is greatly dependent upon the cooperation of the victim and witnesses, as well as the availability and quality of evidence. These are often referred to as 'solvability' factors.

A case is closed when no more can (or needs) to be done with it. For instance, cases with few solvability factors may be **closed** with no prosecution. On the other hand, a case can be **closed** once the suspect has been identified and a warrant obtained for their arrest.

A detective 'working' a case will keep that case **open** as long as relevant and productive leads are generated, evidence is discovered, and progress is being made.

* **Note:** The number of reports closed may be higher than the number of reports assigned for the same year. This is due to the fact that reports from one year may be subsequently closed in another.

Officers Donberger (left), and Murphy discuss a case concerning juvenile offenders. Officer Donberger served several years as a School Liaison Officer, and now is the School Security Officer.

Going on Vacation? Let us Know!

As a courtesy to our customers (and call load permitting), the Bloomfield Township Police Department conducts periodic checks of the homes of residents who are out of town for a few days or more. To take advantage of this service, call us at 248-433-7755. Some of the information we will need from you:

- When you are leaving / returning
- The name of a local key holder
- How we may reach you while away
- Name of people, if any who will be checking on the home while you are away (always a good idea!)
- Any vehicles to be left on the property

Investigations Division

School Liaison Officer Activity

here are two officers in the Bloomfield Township Police Department who specialize in youth crime—the School

Liaison Officers. While both are fully sworn police officers, they are trained and experienced in the laws that pertain to juveniles (persons 16 years old and younger), which can differ greatly from those laws that govern adults. Further, while they work almost exclusively in the Bloomfield Hills Schools, they also work in the Birmingham and Avondale school districts. A large part of their day is spent following up on reports written by patrol officers, talking with parents, and visiting the schools for which they are responsible. They have also proven to be an invaluable resource for parents of troubled children.

n 2010, the Bloomfield Township Police Department began holding concealed pistol license (CPL) classes for its residents. This class is certified by the Michigan Commission on Law Enforcement Standards, as are the instructors.

The course is geared for both the experienced and new shooter. Shooters may either bring their own handgun for the class, or use one of a number of revolvers.

The CPL class is held periodically, depending upon the demand and costs \$200. If you are interested in taking this class, call Officer Mateicik at 248-433-7724.

Property Section

Property and evidence taken into custody by members of this department is received, processed, stored and released by the Administrative Sergeant. The Administrative Sergeant is responsible for the efficient and qualitative processing, maintenance, release, and security of all packaged and tagged property. Property handled by the department can be classified as 'evidence', 'impounded for safekeeping', or 'found'. The Administrative Sergeant, utilizing a property record maintenance program, logs all tagged property into the system, and facilitates its proper storage. Acquired in 1998, this software, developed by Oakland County Data Services, allows for prompt and direct queries of any type of property by such qualifiers as the complaint number, property tag number, date received, reporting officer, officer-in-charge of the case, and property storage location.

pdating and disposing of all tagged property as requested by the reporting officer or the officer-in-charge of a case, the Property Officer prepares property for return to the owner, forfeiture, destruction, or for auction.

Article Type	2011	2012	2013
Articles received	858*	795	901

Note: This drop is attributable to a change in evidence / property procedures. Whenever possible, photos of evidence are taken, instead of the physical evidence / property. When property is taken, the department makes every attempt to return it to the owner as quickly as possible.

Far from just doing paperwork, going to court and case follow-up, detectives spend time looking for —and subsequently arresting - the suspects in the crimes they investigate. In this photo, Detective Barker leads a stake-out in the City of Detroit for two suspects in a robbery that occurred in Bloomfield Township the night before. Two individuals were arrested shortly after this photo was taken.

In 1994, the Sheriff's Department divested itself of the duties of issuing handgun purchase permits. Local police departments have now assumed all activities associated with gun purchase permits and gun registrations.

his task was simplified and streamlined in 1998 with the acquisition of the Michigan State Police Automated Pistol Registration System, a direct computer link with Michigan State Police Records Systems in Lansing. The computer program conducts simultaneous functions by allowing an immediate criminal history check of an individual, as well as a record clearance "not stolen" check of the gun.

Get Your CPL!

The Bloomfield Township Police Department now hosts **Concealed Pistol License** training. This one-day class is certified by the Michigan Commission on Law Enforcement Standards, and involves 5 hours of classroom and 3 hours of range time. Heavy emphasis is placed on the *legal*, *safe*, *and tactical* use of a firearm in self defense. For more information, email **Ofc. Pete Matejcik** (LINK), or call him at 248-433-7724.

Free Gunlocks Available to the Public

The Bloomfield Township Police Department is a proud participant in the Project Childsafe™ program that provides free gunlocks to the public. In our lobby, 24 hours a day, no questions asked.

Community Liaison Office

To better serve the people of Bloomfield Township, the police department established the Community Liaison Office in

2002. Its function is to make the department more 'user friendly', while providing a number of services to the community. Among these are:

- Developing crime prevention strategies for home & business owners
- Conduct home and business security surveys
- Present Internet safety programs to local school students and PTO's
- · Meet with neighborhood associations
- Fingerprint children for safety
- Respond to crime statistics queries
- Provide crime prevention input on proposed projects in the Township
- Speak to various civic groups concerning crime prevention and basic police operations

The Community Liaison Officer performs many functions such as conducting home security surveys, giving presentations to civic groups and neighborhood associations,

hosting station tours, as well as researching and publishing crime prevention information. Also, through the Community Liaison program hundreds of children have been fingerprinted for safety. To contact the Community Liaison Officer, call: 248-433-7724

Unused prescription drugs are a very real problem, both environmentally and in terms of abuse by those for whom the prescriptions weren't written. For that reason, the Bloomfield Township Police Department now participates in Operation Medicine Cabinet . This program addresses these issues. You may bring your unused *prescription* drugs to the Bloomfield Township Police Department 24 hours a day for safe disposal, *no questions asked*. Please adhere to the following restrictions:

- ♦ NO needles
- ◆ Prescription drugs ONLY
- ◆ All surrendered prescription drugs (liquids / pills / etc.) <u>MUST</u> be in sealed plastic bags. Zip Loc baggies are fine.

Click <u>HERE</u> to hear comments about Operation Medicine Cabinet by Chief Gaudard and Sheriff Bouchard.

Alarm Activity, 6 Year Comparison

very year, the Bloomfield Township Police Department responds

Lo thousands of alarms, both residential and commercial. The vast majority of these are either false alarms (tripped by the homeowner), or weather-related (power outages, lightning, wind, etc.).

Year	Alarms	Change	% Change
2013	4179	55	0.01
2012	4124	262	0.07
2011	3862	-428	-0.10
2010	4290	396	0.10
2009	3894	-142	0.03

Preventing False Alarms

Homeowners can greatly reduce the number of false alarms by thoroughly studying their system's instruction manual and by using the alarm system routinely.

What does a home or business owner do to minimize the number of false alarms from their system? Probably the greatest factor would be training - getting to know the alarm system and becoming comfortable with its features. Another aspect is understanding the system itself: knowing what it can and can't do. When an alarm has been installed in your home, the technician should demonstrate all of the features of the system. Don't let the technician leave until you feel completely comfortable with using the alarm. Your alarm system may even come with a DVD that provides additional information.

nce an alarm has been installed, you will be required to register your system with the Township. This takes just a few minutes to do. For more information about registering your alarm system, call 248-433-7776.

Police Vehicle Fleet

odern law enforcement is heavily dependent upon motorized vehicles to accomplish its mission. The most visible of these is the ubiquitous patrol car and motorcycle. But, there are a number of other vehicles you may never notice. Among these are the animal welfare

Vehicle Type	# In Fleet
Police Patrol Units	20
Police Motorcycles	2
Animal Welfare Units	2
Identifications Van	1
Village Police Units	2
Unmarked Police Units	16
Other Utility Vehicles	4
Prisoner Transport Van	1

trucks, identification van (mobile crime lab), prisoner transport van, and detectives' cars.

It is irrefutable that seatbelt usage results in reduced injuries and deaths. While the vast majority of Michigan drivers use their seatbelts, there is still work to be done. According to Michael L. Prince, OHSP division director, each percent increase in seatbelt usage results in 10 lives saved and 130 injuries prevented. For that reason, the Bloomfield Township Police Department participates in the national Click it or Ticket campaign.

As an aside, the off-duty officers working this activity are paid from state grants, and their participation in no way reduces the department's road patrol strength.

Click on the 'Click it or Ticket' logo to learn more about this national program.

Law Enforcement Information Network (LEIN)

The Michigan Law Enforcement Information Network – LEIN – is a statewide, computerized information system established as a service to Michigan's law enforcement and criminal justice agencies. Through the use of computer equipment located at Michigan State Police Headquarters in East Lansing, LEIN stores vast amounts of criminal justice information that can be instantly retrieved and furnished to any authorized agency through a LEIN-linked terminal. LEIN provides virtually uninterrupted operation every hour of every day. The goal of LEIN is to maintain a documented computerized filing system of accurate and timely criminal justice information readily available to all law enforcement agencies.

The LEIN data files contain a computerized index of documented criminal justice information concerning crimes and criminals of statewide as well as national interest. LEIN maintains the Wanted Person File and the Vehicle File. The Wanted Person File includes Traffic Warrants, Misdemeanor Warrants, Felony Warrants, Miscellaneous Wanted Persons/Vehicles, Criminal Bench Warrants, Civil Warrants, and Non-Criminal Processes. The Vehicle File includes Stolen Vehicles (all types), Stolen (or lost) License Plates, Impounded Vehicles, Wanted Vehicles, and Abandoned Vehicles or Abandoned Scrap Vehicles.

EIN is interfaced with various computer systems throughout the state and country enabling users to share invaluable information whenever needed. The National Crime Information Center, NCIC, is the Federal Bureau of Investigation's national headquarters computer system which provides out-of-state criminal justice information to all local, state and federal agencies. LEIN links all Michigan law enforcement agencies together. NCIC links all states through the Federal Bureau of Investigation.

Type of LEIN Entry (Active)	2010	2011	2012	2013
Wanted Persons	1,857	2,190	2,168	2,497
Vehicles*	36	31	32	27

^{*} Includes stolen automobiles, motorcycles, trailers and snowmobiles.

Traffic Accidents, 4 Year Comparison

Police departments engage in a number of activities: patrol, crime prevention, responding to alarms, investigating crimes and arresting the people suspected of committing them, just to name a few. The Bloomfield Township Police Department is also charged with investigating motor vehicle accidents, whether they occur on public roads or private property. Many of these accidents are what could be described as 'fender benders', involving no injury. Sadly, there are also many in which people are injured and sometimes killed.

Year	Accidents	Change	% Change
2013	2,068	165	8.67%
2012	1,903	-2	-0.10%
2011	1,905	37	1.98%
2010	1,868	-77	-3.96%

Reporting Accidents

Drivers involved in automobile accidents should telephone the local police department to report the accident. Unless there are injuries or a circumstance that merits immediate police response, drivers or passengers need not dial 911. Because Bloomfield township police officers respond to all accidents, regardless of how minor, it is generally recommended that the vehicles not be moved from the scene unless absolutely necessary. Drivers may wish to drive to the police department to report their accident in person, but only if both parties agree as to the facts and circumstances of the accident.

2013 Traffic Violations

Traffic enforcement is the police activity of monitoring motor vehicle traffic and issuing citations for infractions. A few of these infractions include disregarding traffic control devices, speeding, improper passing, and vehicle equipment violations. Beginning in 2009, the Bloomfield Township Police Department began participating in *E-Ticket*, a program operated by Oakland County's Court Law Enforcement Management Information System (CLEMIS). E-Ticket allows police officers to conduct traffic stops more efficiently and quickly. Further, instead of the traditional handwritten citation used for decades, an E-Ticket is electronically sent to the court and the motorist receives a computer-printed version at the conclusion of the traffic stop.

2013 Citations	
Hazardous	6,016
Non-Hazardous	4,500
Ordinance / Code Violations	37
Animal Welfare Citations	1
All Others	1,623
Total Citations	12,177

Driving Citations Frequently Asked Questions

I want to contest my traffic citation. What do I need to do?

You must promptly contact the 48th District Court at 248.647.1141 or the Court in whose jurisdiction you were issued the violation (usually listed on the back side of your copy of the ticket). The court will instruct you on how to proceed.

Will the traffic ticket affect my insurance rates?

All insurance companies request driving records from the Secretary of State. Insurance companies determine an insured driver's rate based on tickets, accidents and other data. Contact your own insurance company for more information.

What traffic tickets/violations are 'waivable'?

There are only two violations that can be waived, signed off, or certified by a police officer -- violations for NO LICENSE ON PERSON and for DEFECTIVE EQUIPMENT. For additional information, contact the 48th District Court at 248.647.1141.

The Bloomfield Township Animal Welfare Unit is comprised of two Animal Welfare Officers and a civilian clerk. The Officers, patrolling the streets and public areas of Bloomfield Township, respond to animal related calls for service involving domestic animals, livestock, and wildlife. Operating from our state-certified animal shelter, the Animal Welfare Officers typically are catching a stray dog or relocating nuisance wildlife. On occasion, the job responsibility has extended to herding loose cows, playing nursemaid to baby deer, escorting ducklings and goslings across heavy traffic, and rounding up an escaped horse.

The 1998 state animal adoption statute, mandating guidelines for pet adoption, has expanded the duties of the Animal Welfare Officers. In cooperation with prospective pet owners and local veterinarians, the animal Welfare Officers assure pet sterilization both as a condition of adoption, and as a means of controlling the pet population in Bloomfield Township.
