As compared to previous years, there has been a slight reduction in the number of vacant properties maintained by the Township. This includes properties with vacant homes as well as vacant lots.

# Cost to Maintain Vacant Properties 2010 - 2012

While there has not been a decrease in the number of foreclosures, there has been a decline in the Township's original out-ofpocket maintenance costs.

In addition, the Ordinance Division has seen an increase in contact information posted on vacant/foreclosed properties by crews hired by the banks.

This has enabled staff to work closely with banks/realtors to ensure Ordinance requirements are met.

## Noxious Weeds Administrative Fee Totals 2011-2012

Compared to 2011, there was a slight decrease in the total fees collected for grass/weed cuttings in 2012. Since the Township passed a resolution in 2008 allowing a \$75.00 administrative fee to be added to each grass/weed cutting, the Ordinance Division has seen an increase in cooperation from residents, as well as banks, realtors, etc. who wish to avoid paying these additional fees.

Ordinance Division 2012 Annual Report

## Property Maintenance Fee Totals 2011- 2012

Per the International Property Maintenance Code (IPMC), a \$75 Enforcement Recovery Fee may be charged to a resident after being given a warning and he fails to comply with the Code. In most cases, residents comply. In 2012, the Ordinance Division issued a total of 8 Property Maintenance Notices in which the \$75 Enforcement Recovery fee was charged.

There were a total of 42 tickets issued in 2012. This is a decrease of approximately 21%, from the total of 53 tickets issued in 2011. This is due, in part, to the fact that many contractors are now familiar with the policy of performing pre-site inspections to verify that mechanical equipment has <u>not</u> been installed prior to permit issuance.

Ordinance permits are required for many types of accessory structures and uses.

In 2012, the number of permits for these structures increased from last year by approximately 11%.

Most of the Ordinance permits pulled in 2012 were for fencing & accessory structures, which include piers, fountains, etc.

#### Illegal Signs Removed 2011 - 2012

As anticipated, the 2012 election season caused a drastic increase in signs placed throughout the Township. The Ordinance Division was inundated with complaints about improperly placed and/or over-sized political signs. The number of signs more than doubled from the previous year (2011) increasing by approximately 178%. The table <u>only</u> indicates the number of signs that were confiscated. It does not represent the number of calls made, letters sent, email responses, follow-ups, etc., regarding sign issues.

In 2011, Ordinance Officers conducted a total of 7,629 inspections. The number of inspections increased by approximately 17% in 2012. As in previous years, this is mainly due to the high volume of foreclosures and our efforts to monitor these sites. The Property Maintenance and/or Noxious Weeds inspections account for approximately 56% of the total number of inspections for the year.

#### 2012 Accomplishments

- Ordinance records were purged according to the Michigan Record Retention General Schedule #10, allowing more efficient record management.
- Reminder letters were sent out to residents and/or businesses to obtain necessary permits following DRB and/or ZBA approval.
- Various forms utilized by the Ordinance Division were updated. The updates allow more flexibility in use as well as providing specific data/notations concerning existing violations.
- The Township website is continually updated with timely information to provide a more efficient way to communicate Ordinance questions and concerns.

#### 2013 Goals

- Update commercial shopping center contact book to include current business names and contact information (this information was last updated in 2005).
- Continue with training of new Ordinance Officer Bob Thibeault with the goal to fully integrate him into the Building, Planning and Ordinance Department. This will allow him to easily transition between Divisions to utilize his work skills.
- Purge Ordinance records according to the Michigan Record Retention General Schedule #10. This will allow the Division to continue to better manage records.
