No more than one tract or parcel must be valued or taxed on the same line—two descriptions must not be joined in one valuation or tax. Personal Estate must be valued and taxes entered on a different line as well as column, from Real Estate. Non-resident lands must be entered in numerical order beginning with section one. Enter the amount of any reassessment with last tax in the column of taxes to which it belongs. Above the tax for the year for which this roll is used, and in the column for "Amounts," state opposite each parcel for what year the reassessment tax made. Two or more City or Village Lots owned and occupied as one parcel, may be assessed as one parcel, but the fact must be noted, that they are so occupied. The special intention of Assessors is directed to pages 101, 105 and 100 of the Revised Statutes of 1816, concerning their duties; and to Acts Nos. 2, 74, 122, 104, sec. 9, and Act 206, of 1819, for additions and amendments to the Revised Statutes. When any money highway tax is voted in any township, under sec. 4, chap. 29, Rev. Statutes, it should be put with the other taxes for township purposes, in the column headed "State, County and Township Tax." Any special tax not specified in sec. 31, chap. 29, R. S., and required to be put in one of the three columns there mentioned, may be put in the blank column, next to the one headed "Total of Taxes." Auditor: Gresham's Office, February, 1840.
