## **Our Mission Statement:**

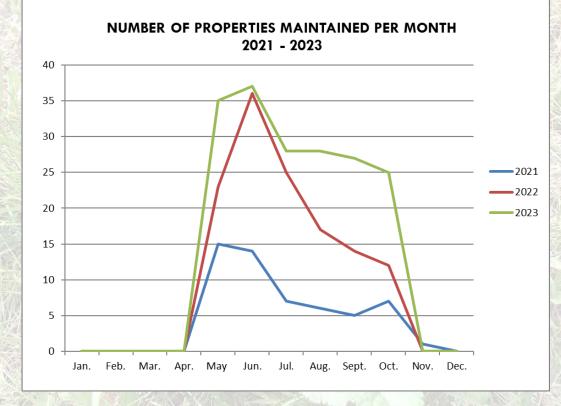

As Representatives of the Bloomfield Township Planning, Building and Ordinance Department we pledge to provide our services in a fair and consistent approach with the highest level of professionalism. We are dedicated to upholding the Township adopted plans, codes, ordinances to ensure a safe, sustainable and enjoyable community for present and future residents.

# Number of Properties Maintained by Township 2021 - 2023

TOTAL NUMBER OF PROPERTIES MAINTAINED IN 2021 = 30

TOTAL NUMBER OF PROPERTIES MAINTAINED IN 2022 = 54

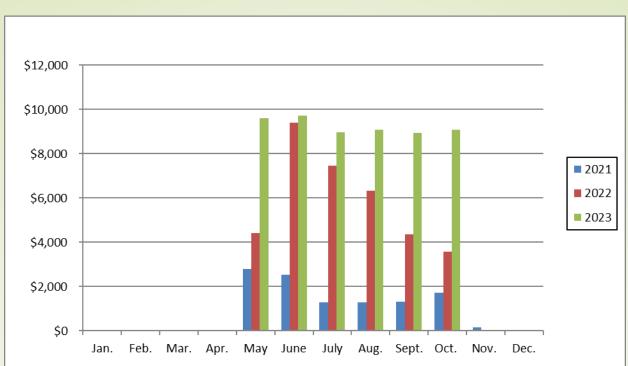

TOTAL NUMBER OF PROPERTIES MAINTAINED IN 2023 = 66

This number includes properties with vacant homes as well as vacant lots. Most residents and property preservation companies have strived to improve their efforts to maintain these properties to avoid being assessed monetary penalties for maintenance violations. However, in 2023 there was still an increase in the number of properties maintained by township hired contractors.

<u>Cost to Maintain Vacant Properties</u> <u>2021 - 2023</u>

Maintenance costs increased from last year by almost 57%. There was a rise in costs due to more properties being maintained. Additionally with inflation, maintenance costs have increased.

Most properties only need to be cut once by Township hired contractors before a responsible party (i.e. owner, property management company, bank or realtor) takes over the maintenance. However, the last couple years, the Township has had multiple problem sites that required regular maintenance throughout the growing season.

Maintenance costs incurred in the abatement process are reimbursed by property owners.

Ordinance permits are required for many types of accessory structures and uses.

Fences consistently account for the largest number of Ordinance permits issued. Sheds are another commonly requested accessory structure.

## <u>Illegal Signs Removed</u> 2022 - 2023

There was an increase in the number of signs pulled in 2023. Please note, these numbers do not represent the total number of calls, letters, email responses, or follow-ups, etc., regarding sign issues. As with most communities, illegal signage continues to be a problem for the Ordinance Division.

Signage follow-up inspections topped the list for the most inspections, as Ordinance Officers have been diligent in trying to remove illegal signage posted throughout the Township. Property Maintenance/Noxious Weeds violations account for the second largest number of inspections. Ordinance staff remain very busy during the growing season, ensuring that properties are cut, maintained and up to code with Township standards.

Lighting inspections increased by approximately 87% in 2023. These inspections are usually the result of complaints from residents, and consist largely of Ordinance follow-up inspections on lights that are shining onto neighboring properties (nuisance lighting). A small amount of Ordinance lighting inspections are due to complaints / changes in lighting at commercial locations that have not been approved by the Township.

Zoning follow-up inspections increased by about 225% this year. These follow-up inspections consist mostly of commercial businesses operating out of residential homes, with a small percentage for the storage of a commercial vehicle at a residential home. In 2023, there were multiple complaints regarding short-term rentals (AirBNBs, VRBOs, etc.) being run out of homes in the Township. Rentals under 30 days are prohibited under Township Ordinance, as this is considered commercial activity.

## Goals & Accomplishments

#### 2023 Accomplishments

- Enforcement forms and communication letter templates are reviewed and re-evaluated to improve the pertinent information sent to residents.
- Updated the Commercial Shopping Center contact file to include current business names and contact information, which is utilized by staff as a quick reference tool.
- Matt Baldwin was hired on as a full-time Code and Ordinance Enforcement Officer.
- Suzette Gysel was hired as a part-time Code and Ordinance Enforcement Officer.
- Ordinance staff participated in the 2023 Annual Township Open House along with the Building and Planning Divisions.

#### 2024 Goals

- Continue to review and update Enforcement forms and communication letter templates in BS&A
  program, as well as the commercial shopping center contact file to ensure information is
  accurate.
- With new additions to staff, the Ordinance Division strives to be proactive vs. reactive. In addition, an Ordinance Officer works one weekend a month to address violations that may be difficult to catch / address during the work week.
- Purge Ordinance records according to the Michigan Record Retention General Schedule #10. This will allow the Division to continue to better manage records.
